ADELPHIS: RIGOROUS ANALYSIS OF STRATEGIC AND DEFENCE TOPICS

ADELPHIS

THE AUTHORITATIVE SERIES FROM THE **IISS**

The **Adelphi** series is the Institute's principal contribution to policy-relevant, original academic research. Eight books are published each year and are designed to provide rigorous analysis of strategic and defence topics that will prove useful to academics, researchers, politicians and diplomats, as well as foreign-affairs analysts, defence commentators and journalists. **Adelphis** permit the IISS both to remain responsive to events and to contribute significantly not only to debate

on strategic affairs but also to the development of policy. While the format of **Adelphis** has evolved over the years, through their authoritative substance and persuasive arguments recent issues have maintained the tradition of the series.
